# Freedom Prosthetics

is the only prosthetic clinic in Far North Queensland; our bright and spacious premises are conveniently situated in the heart of Cairns with ample parking. Open 5 days per week (after hours and weekends by appointment if required).

We have invested in advanced technologies (Omega® 3D carving machine and CAD-CAM 3D Scanner) to provide a full range of prosthetic and orthotic profiles including transtibial, transfemoral, cranial orthotics, spinal orthotics, ankle and foot orthotics as a single piece.

Our streamlined treatment path, prompt on-site device manufacture and superior fit, eliminates delays usually caused by adjustments to prosthetic components. Our patients can expect maximum comfort and a high degree of quality in the devices we provide. In short, you'll get a better fitting device quicker!

Freedom Prosthetics is proud to provide a quality prosthetic service to the amputee community of Far North Queensland. Amputees can look forward to our unique collaboration

between patient and our skilled prosthetist allowing us a better understanding of the challenges of lower and upper limb clinical care on an individual basis.

With prosthetic components from the world's leading manufacturers we offer an extensive line up of upper and lower limb prosthetic solutions, regardless of the level of amputation or activity of the amputee.

*Freedom Prosthetics  
is a registered...*

- NDIS registered prosthetic service provider
- Queensland Artificial Limb Service (QALS) prosthetic provider
- Medicare, Department of Veterans Affairs provider
- Private insurance cover provider
- WorkCover prosthetic provider

*We supply...*
